Needling
Graston Technique
Manual Therapy
Strength Training
Vestibular Therapy
KT Taping
And more!!

Wellness Program:

Personal Training
Performance
Training &
Programming
Exercise Classes
TPI Swing
Assessment

Over the past 3 decades, our patients and clients have helped us grow into the largest Physical Therapy provider in the Blackstone Valley. We are excited to share our growth in the past 30 years with photos from Barbara McCumber's first office on Providence Road to where we are today.

Most importantly, we would like to see **you**, our patients and clients, that have chosen us to help through their rehabilitation or to help improve their fitness. We would love to catch up and hear what you are up to now! We will be collecting pictures to create a collage of our success stories. For those that can't make it, pictures can be submitted to office@bvpts.com or on social media.

- ★ Functional Dry Needling and Graston Technique Demonstration
- ★ FREE Youth Movement Screen
- ★ Ask a Therapist a question, or catch up with your therapist
- ★ Office and gym tours
- ★ Raffles, giveaways and more!
