## & Whitinsville Golf Club

Proudly announce our 2018 Golf Tune-ups!

**On Saturday, January 27, 2018 at BVPTS Wellness Center in the  
Linwood Mill, we will be offering complimentary TPI (Titleist  
Performance Institute) screenings for WGC members from 8am – 12pm**

The objective of this movement screening is to help golfers target specific physical areas that need improvement to optimize their golf game. By administering a series of tests and assessments, including a personal swing video analysis, a personalized, corrective exercise program will be designed based on the results. Programs and results will be distributed as soon as possible, possibly the same day if time allows. Our intention is for this program to be incorporated into an off-season work-out program that

begins now. This program will help get your swing in order by the time the snow melts and the greens are green again! Now is the time to improve your mobility and mechanics to make your 2018 season the best it can be! Let us help you!

**Discounted gym membership  
options will be available for  
interested WGC members that  
are committed to 2018!**
